IV. INFORMATIONAL ITEMS:
   A. The committee will consider over the next two years (potentially beginning - 2014 or 2015 school year) the need for all coaches to have completed a coaching education development program. The committee will partner with the Coaches Association to build an on-line program that will offer coaches the opportunity to complete this educational piece.

   B. The committee emphasized that each individual member school be reminded of the requirement to submit a Professional Development Form each year to show they have a professional growth program for their school.

   C. The committee accepted the Positive Coaching Alliance (PCA) to the list as an additional approved CHSAA Coaching Education Course for Permanent Registration. Form 18 will be posted on July 1, 2014 for next school year and will have the following information: PCA – With approval of the athletic director; and reflections of course material submitted to the athletic director. Both the online course and the workshops will be recognized.

   D. The committee was presented with information from the CHSAA records that show the continued increase in the number of coaches who are registering with the Colorado High School Activities Association.
