**1500. CLASSIFICATION OF SCHOOLS**

---

1500.2 The Legislative Council shall approve classifications for each activity based on the following policies:

1500.21 Classification of schools shall be based upon the CDE Student Membership Counts to address competitive and classification balance. The CHSAA Staff may also consider other factors to justify placing programs up or ~~placing~~ down. Factors including but not limited to:

- Socio\_Economics of the school's population (Free and Reduced Lunch Rate)
- Demographics of the school's population (**includes** approved 5th Year Transition Programs Only)
- Participant safety concerns
- Competitive non-success and success
- Competitive **h**History and balance
- Geography
- School's enrollment trend
- School's participation rate in CHSAA sponsored activities (CHSAA Participation Survey)
- Entry or selection process of the school
- **Prior year out-of-building student percentage on rosters**

**RATIONALE:** Allows the CHSAA staff to look at the number of homeschool students or "students without a program" who participate on member school teams and to look at trends (if needed).

**PROS:** If needed, may be used to level the playing field with school who have an extremely large number of homeschool students or "students without a program" participating at their school.

**CONS:** May be difficult to look at trends of participation for these students.
